How can you look @ the evidence and find no violations? This attorney did so many things wrong and you let him get away with it. There is no good/fair legal system when lawyers like him can do clients unfairly. The lawyer's reply did not even address the matters...

4. Was your grievance heard by: An Investigatory Panel An Evidentiary Panel A District Court
5. If your complaint was heard by an investigatory or evidentiary panel, how would you describe your treatment by the investigatory or evidentiary panel? Poor! First You couldn't even get my sex right. I WAS Mrs Weyrauch not Mr! It was only supposed to take 30 days until I heard back yet it was months! I supplied a zip file of 4 gigabyte size of unanswered emails and if I could have recorded the multiple phone messages I left I would have supplied those! Mr Defoore didn't mail my Decree until May 30 2023 and it was signed November 7 2022! I still have the envelope to prove that! My ex-husband makes over \$100,000 a year and all I got was \$1500 a month for my maintenance! Mr Defoore never put the QDRO through and my ex-husband had to pay his attorney another \$2500 to put it through and I'm still waiting for word back on the application I had to submit to his retirement! Yet the wonderful Texas Bar didn't find professional misconduct? This is an absolute FARCE! Good ol' boys club sticking up for one another because when I accused my ex-husband of dragging the divorce out he told me that Mr Defoore wouldn't return his attorney's messages Ms MeHaffey was the opposing council and I even supplied the email conversation where my ex-husband claimed my attorne wasn't returning messages! His assistant Jennifer,n told me my emails went to spam yet David claimed they were bombarded, Which was it? I don't even know why I'm bothering to fill this out because it's very clear that you don't care about whether the attorney did anything!
6. How long did it take to reach a conclusion about your grievance? less than 90 days 90- 179 days 180-260 days more than 360 days

13. Do you believe the grievance system is fair? ___ YES ___ X NO

a. If you answered no, why do you think the system is unfair?

Read former comment!

14. Do you have any suggestions for improving the grievance system?

I don't think you want my honest answer because it's not nice! I was abused, and now I can't even afford a home for me and my service dogs! I have PTSD and Fibromyalgia because of my ex-husband and now the Texas Bar thinks that's fair! I even told Mr Defoore's office about the multiple times my ex-husband raped me and nothing has ever been done to hold him accountable because I let him move me to Texas instead of staying in Washington state where my complaints would have been taken seriously! This is absolutely RIDICULOUS! I had to give my ex-husband my address because David Defoore didn't do his job by putting the QDRO through! My ABUSIVE ex-husband KNOWS WHERE I LIVE BECAUSE OF MY ATTORNEY!

18. What suggestions do you have for improving the grievance system?

Higher standards in the legal profession? Retaliation for calling the police to ask about harassment by a mother and her son at the same time that upset me so much I was sent to the ER by a nurse (she called 911) is deplorable and quite frankly, a form of intimidation; the result was gastric and not heart, thank goodness. My attorney said the letter was caustic and the 3 day eviction silly due to the fact I was leaving on June 30. It was name calling, retaliation and intimidation, which I was subjected to the entire year by his mother. The attack by the son, an attorney, for no reason was so worrisome I called my employer's legal service who advised me to file a grievance.

11. If you answered no, why do you think the system is unfair?

I believe the system prevents human interaction by refusing to speak with me. This attorney has jeopardized my brothers welfare due to multiple issues My brother is an active substance abuser who suffers from Stockholm syndrome and has been assaulted by the people occupying his home. The attorney disregarded a health questionnaire filled out by my brother's primary care doctor where it is stated he is not competent to retain counsel as the MD crossed out a wrong answer and initialed and put the correct answer in. As a physician, I can tell you the Texas State Medical Board approves this manner to correct entries. This attorney never met my brother in person, and my brother has had several instances where people impersonate him.. The grievance system appears to only be interested in whether the attorney has a substance abuse problem. There is no regard for my brother's welfare. I am ashamed of a system that values an attorneys actions without oversight. This is not over.

12. Have you participated in the grievance process previously? *

Yes

No

13. What suggestions do you have for improving the grievance system?

Allow conversation with the reporting parties and educate the reporting parties as to the purpose of a grievance process. It appears the process will support the attorney without a clear understanding of the details. I will hold this attorney and the bar responsible when my brother suffers a poor outcome.

11. If you answered no, why do you think the system is unfair?

I had no communication from anyone. I wasn't heard out. I want my money returned from this attorney that did absolutely nothing for me except make this case drag on due to his lack of professionalism. Even the new attorney that I hired to take over Mr Girling's mess agrees with me! The charges that were falsely claimed by the "squatters" still living in my previously owned property should have been dismissed immediately. Instead I am still dealing with this injustice.

13. What suggestions do you have for improving the grievance system?

Better communication!!

Whoever signed the form entered his name is Luis M. What sort of unprofessional weirdos do you have working for your agency? And did he read my criminal evidence against this attorney? Why did he ignore the criminal evidence I submitted? I need to know his name now since he perhaps may be involved in a criminal cover-up.

There are plenty of lawyers that belong in prison. All corrupt lawyers must go to prison immediately. I want to know how many lawyers you have put in prison in the past five years? And it better be over 100.
